

STATE OF MAINE  
PUBLIC UTILITIES COMMISSION

Docket No. 99-402

July 13, 1999

CENTRAL MAINE POWER COMPANY  
Revision to Terms and Conditions  
Related to Competitive Providers

ORDER

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

---

On June 16, 1999, Central Maine Power Company (CMP) filed revisions to its terms and conditions relating to the restructuring of the electric industry in Maine. Specifically, CMP is proposing to add charges for the following:

- furnishing billing, payment and usage records
- customer initiated transfer of service to standard offer
- services provided to competitive electricity providers and standard offer provider(s) in accordance with Chapter 322 of the Commission's rules

CMP proposed that the revisions become effective on July 16, 1999.

Prior to formal filing, CMP presented draft revisions to the standard contract working group established in Docket No. 99-170.<sup>1</sup> Although there was no specific agreement on the terms, conditions, and charges, it was agreed that all utilities would use the same basic method to determine the charges.

On June 23, 1999, a Notice of Filing was issued, providing interested persons an opportunity to comment on the revisions. The Public Advocate filed comments on off-cycle termination, dispute resolution, telephone numbers, and incremental costs. We addressed these comments in our Order Adopting Standard Form Contracts, Docket No. 99-170 (July 12, 1999).

Upon review, we find that the proposed revisions are consistent with Chapters 301 and 322. We will, accordingly, allow the revisions to take effect on July 16, 1999 as proposed.

---

<sup>1</sup> The primary purpose of this working group was to establish standard form contracts between utilities and competitive providers. However, the Commission also asked the group to discuss utility terms, conditions and charges applicable to competitive provider.

Dated at Augusta, Maine, this 13<sup>th</sup> day of July, 1999.
